

Director of Business Development

Biogy Solutions AS - Is a newly established Norwegian renewable energy company based in Stord that aim to be a leader in energy transition in Norway. Biogy Solutions AS is going to build and operate several biogas plants to produce bio-LNG and bio-CO2 in Norway and is looking for a director of business development who can help realize our ambitious growth strategy.

About the position:

You will be responsible for driving forward processes related to and the development of our plants, including identification of locations, permitting, financing and pre-project definition, and further development and growth of a profitable biogas related portfolio in collaboration with management and the board of directors.

Your background and qualifications:

- You have higher education in technical/economic/legal subjects and/or relevant experiences.
- You have expertise in setting up and building new industrial businesses.
- You are business-driven and have the ability to turn ideas into business.
- You have knowledge and interest into the green transition, renewable energies markets and especially biogas.
- You have experience with project financing
- You have experience in cooperation with the municipality, the public sector and policy apparatus.
- You communicate well both orally and in writing in both Norwegian and English languages.
- You have demonstrated a successful track record in similar positions.

Personal Skills:

- You are a distinctly strategic profile with a drive for creating new business.
- You take initiative and responsibility and find solutions to achieve the goals.
- You have high execution capabilities and thrive in a hectic working environment.
- You are a clear communicator and create good relationships both internally and externally.

This is a central position that offers great opportunities to help shape the development of biogas operations in Norway in a forward-looking high growth company.

A short letter of application with a CV should be sent to post@biogy.no

Application deadline: October 10th 2023.

If you have any questions, contact chairman Jan Kåre Pedersen on telephone 47 01 60 00.
